Soldier Loves Sadie

Dear Leg Sex:

I am currently in the military and have never written you. I have been a subscriber for almost six months and Leg Sex by far is the best magazine I have ever looked at. Your April 2008 issue featured the hottest model I have ever laid eyes on: Sadie Love. Her cute smile and perfect body kept me looking on those same pages.

She looked stunning and gorgeous on every page. Her perfect-looking toes made me wish I could sniff and suck each one of them. I fantasized about her getting off of work and making me give her a foot massage, then making me clean her smelly and dirty feet with my tongue. I can't get enough of her. I tried searching for movies online but couldn't find her. Where can I find more pictures or

movies of this model? Anyways, I just wanted to say thanks for having an excellent magazine all the time and you have definitely made this soldier proud to buy your magazine. I know I'll continue to renew my mag subscription for many more years and years to come.
-D.H., Savannah, Georgia

One reader, a soldier in our Armed Forces, took one look at long-limbed Sadie and fell in love. He says her sculpted legs and perfect toes are the fuel for his lewdest fantasies.

Here at *Leg Sex*, we know that our readers like variety, so we try to give them everything we can when it comes to legs and peds. One reader asked for more foot adornments like jewelry and tattoos. What do you think? More or less gems and ink?

Dear D.H.,

We absolutely love it when men in uniform write in and let us know that they serve our country and don't mind also serving at the beck and call of a woman with beautiful peds. We are proud to make the magazine that keeps your rod at attention, soldier! As for Sadie Love, we love her, too. It isn't often that we get leg warmers into the magazine and when we saw her electric blue warmers, we fell in love. We're suckers for tall ladies with big feet, and at 5'8" with glorious size tens, we think Sadie would be an excellent candidate for resting her feet on anyone's face. We're sure you'd love to be her footstool.

Because we gave our readers a bonus shot from April '08 of Sadie's warmers and legs in last issue, we won't be giving

you another one from the same layout. Variety is the spice of life, after all. But not to worry! You said you wanted to see more of Sadie, and we are going to give you more. We went on a covert mission employing stealth and cunning and stole her sets from our sister mags, 18*eighteen* and *Naughty Neighbors*. Yes, we stooped to petty larceny to make sure you got your fill of Sadie's gorgeous gams. To date, Sadie has appeared in the Aug. '08 issue of 18*eighteen* and the Nov. '08 issue of *Naughty Neighbors*. You can pick up both of these issues by visiting iSexShopper.com. Sadie also has videos on the Web on both 18eighteen.com and Naughtymag.com. And now, without further ado, here is a sexy montage of the Sadie you know and love. Enjoy, soldier!

Adorned & Adored

Dear Leg Sex:

I have never written your magazine before, but I have never missed an issue. I love women's toes, feet and legs. My only request would be that you always show your models' feet naked and I always appreciate a full-frontal nude shot and a full back shot. But, my idea for a future issue of *Leg Sex* would be to feature the unlimited ways women can and should adorn their feet. Shoes are great, but toe rings, anklets, tattoos on feet, henna tattoos on feet. The issue featuring Satine Phoenix's painted feet was a good start, but I'd like to see a whole issue devoted to the adorned foot including different designs in toe polish and maybe even some ideas or things I've never seen. Just an idea and it's the only one I've had for your mag in ten years so you must be doing something right. Keep up the good work.—T.H., via the Internet

Dear T.H.,

Thanks for the ideas and suggestions. We have often discussed the issue of ornamented feet versus bare feet. We have plenty of readers who want to see more tattoos and jewelry, and then there are those readers who can't stand any adornment on feet at all. It is a heated debate. As far as we are concerned, there is a time and a place for everything. We think that bare feet are quite beautiful, but there is also something edgy and provocative about a woman with tattooed tootsies. From what we have discerned, the process of ink-

ing your feet is highly painful and so women who go under the gun fascinate us. They say that beauty is pain, but they also say that beauty is in the eye of the beholder, so behold Daisy Duxe's feet from the Feb. '08 issue. She not only has tattoos on both of her arches, but she is also sporting a ring on one of her toes. We also recommend Bailey from the Aug. '08 issue. She wore some pretty interesting toe and ankle jewelry and had a great time tying ribbons around her calves. Please enjoy the bonus shots of these ornamented peds. stomping on bananas with her tattooed feet. In recent years, it seems more and more women are turning to the trend of decorating their feet with tattoos and jewels, so don't worry, we promise to include more adorned feet in upcoming issues.

Sucker For Shoes

Dear Leg Sex:

Although I've been reading Score Group magazines for over a decade, this is my first time emailing *Leg Sex*. The reason being that I just bought my first issue (April '08) and the reason for that is that what I can only imagine is a long-dormant fetish has recently awakened in me.

I've always enjoyed seeing women in heels—particularly stilettos and court shoes—but in the past few months my fascination has gone stratospheric. I guess it all started when I bought my wife several pairs of patent stilettos (in white, black and red) to wear in the bedroom. Now she's jealous of the shoes! "I am attached to them, you know," is one of her favorite things to say.

I don't know how else to put it other than that I'm utterly obsessed with the shoes. I love sliding my hands down my wife's legs as I'm fucking her so I can caress those heels but what I really like is masturbating while she rubs her shoes all over my cock and balls. She seems concerned she might hurt me when I ask her to push her pointed heel into my balls but the pleasure this gives me while jacking myself off is indescribable. I also love it when she lies beside me, puts one leg over me and jacks me off. The view I get of her leg and shoe, and the fact that I'm able

to reach down and stroke them, means I'm rarely able to last more than, say, thirty seconds. The coup de grace, though, is when I get to splash my spunk all over her shoes—heaven!

I'm at a loss to explain this sudden, almost unhealthy, interest in shoes but the funny thing is, I'm just not into bare feet at all. That's a niche I've never understood but, to my dismay, it seems that just about all 'foot fetish' porn caters to guys who like bare feet and only bare feet. Believe me, I've looked, but nowhere can I seem to find videos or photos of the acts I've just described. One of my particular peeves is when I'm watching a regular porno flick and a chick will begin a scene wearing heels, only for them to disappear later in the scene. For a shoe-nut like me, that's depressing. The only genre where heels really seem to come into his or her own is in S&M but my fetish has absolutely no basis in domination or humiliation. That stuff—even trampling—does nothing for me at all. I'm just a guy who really digs high heels and I want to see women jacking guys off with their shoe-clad feet and cum being spurted onto shoes—is that too much to ask?

This is where Leg Sex comes in. I chose Leg Sex over all the other leg and foot magazines because, as previously mentioned, I was aware of the quality of The Score Group's output, having been a SCORE and Voluptuous reader for many years (I still am). What I'd like to know is if you've ever run any pictorials or produced any DVDs featuring the kind of stuff I've talked about? If the answer's 'no', is there any chance you could? By all

means feature some regular fucking and sucking but what would really float my boat would be seeing cocks sandwiched between, and stroked by, stilettos and court shoes, as well as lots of messy ejaculations over the shoes. Basically, what you already do, except get those ladies to keep their heels on. Yours truly would be one grateful reader/viewer!

I'd also be interested to hear from other readers who share my fetish—I surely can't be the only guy out here who feels this way about shoes? For

SASHA MARTIN
PATTERNED PINS

When most men first look at me, their eyes drift down to my legs and they get this look on their faces, like they're thinking really dirty thoughts. I imagine that this might turn some women off, but not me. I like it when a man looks at me with lust in his eyes. Why shouldn't he? I am a beautiful woman and I know that my legs are strong and powerful. I like that they are imagining my big thighs wrapped around their torso, squeezing while we fuck."

and I want them noticed right away!"

I used to have a coworker who was a leg fanatic and we'd sneak around the office and find secluded closets and empty offices to fool around in. One of his favorite things was when I'd take my shoes off and rub my stinky feet all over his face and then he'd lay back and I'd sit on his face and smother him with my thighs. At first I was worried that I was hurting him, but then I saw that he was stroking his hard cock because he enjoyed it."

me, shoes are infinitely sexier than bare feet but to each his own, I guess. Thanks for listening and I hope you can respond to my request. Thanks! -K.S., United Kingdom

Dear K.S.,

There is nothing like some honest feedback from a new reader. First and foremost, let us welcome you to the world of Leg Sex, where you can feel free to explore all your desires and fantasies. Nothing is taboo here, so please keep writing in with what you like and what you want to see more of. As for your love of shoes, you are not alone! We get letters from shoe aficionados who either love stilettos resting on their swollen members during masturbation (just like you!) or are aroused by the pungent smell that lingers inside the shoe itself. We're big fans of high-heeled shoes here at Leg Sex, too. We often request specific shoes for photo shoots based on their appeal alone. Which brings us to the part where we tell you that we have sent your letter on to our studio and they are currently shooting content, both video and photos, that cater to your interest in shoes. You see? Ask and you shall receive.

For now, we suggest LegSex.com, where you can view a video of diva Chloe Chanel in pink, stiletto boots. She keeps her shoes on while fucking a shoe repairman and she lets him cum all over them, too! We think you'll enjoy this video, so go check it out. Or, you can wait for it on our upcoming DVD, *Peds & Pins*, which will make its debut in our next issue.

You also might want to watch our DVD, *Motel Voyeur*, too. You'll love Kitty Langdon's XXX scene where she is a maid in sexy stockings and pointy stiletto mules. She keeps those shoes on while she seduces and then plays with a stranger's cock. She even jerks him off with her shoes, rubbing and pressing her heels into his dick. Then she wears her shoes while she fucks him and when she's taken him to the brink of shooting his load, she asks him to coat her pretty black shoes in his cream. Like any good maid, she knows how to clean, so she licks all his spunk off. You can order *Motel Voyeur* by turning to page 9.

We are giving you bonus shots of both of the ladies we are recommending. Enjoy them both and don't forget to write in!

**STRAP-ON
SEDUCTION**

I find it sexy and it makes me very wet to see a beautiful woman dressed up in menswear," purrs Asian sexpot, Kitty. "My favorite thing is when a woman wears a men's business suit. I think that androgyny is very sexy. When Natalie asked me to share my sexual fantasies, I knew I wanted her dressed in a men's suit. Watching her dress up for me, slipping her stockings legs into these pants, was very sensual."

ARE YOU ALWAYS SUBMISSIVE?

"I like to be submissive with women. I like it when a woman tells me what to do."

When I started stroking my strap-on through my pants, I could feel myself getting excited," says leggy and lithe Natalie. "The idea of using this giant phallus between my legs on a woman makes me feel really powerful. I love the psychology involved in fucking another woman with a huge strap-on dick. I like to look at her, while her legs are wrapped around me, and see her face contorted in ecstasy. It really turns me on!"

When you have sex with a woman who is as beautiful as Natalie, you kind of get lost in her beauty," says Kitty. "I loved sitting on her giant rubber cock and feeling her thrust it up into me while kissing and touching her face and breasts. It's the best of both worlds; having a big shaft penetrate you and feeling a woman's soft curves. And when she licked my feet, I orgasmed instantly. She knew just how to make me cum."

MANNY'S CURE

It takes a trained eye to recognize the dormant desires that lie within. And a wanton, willing woman to release them.

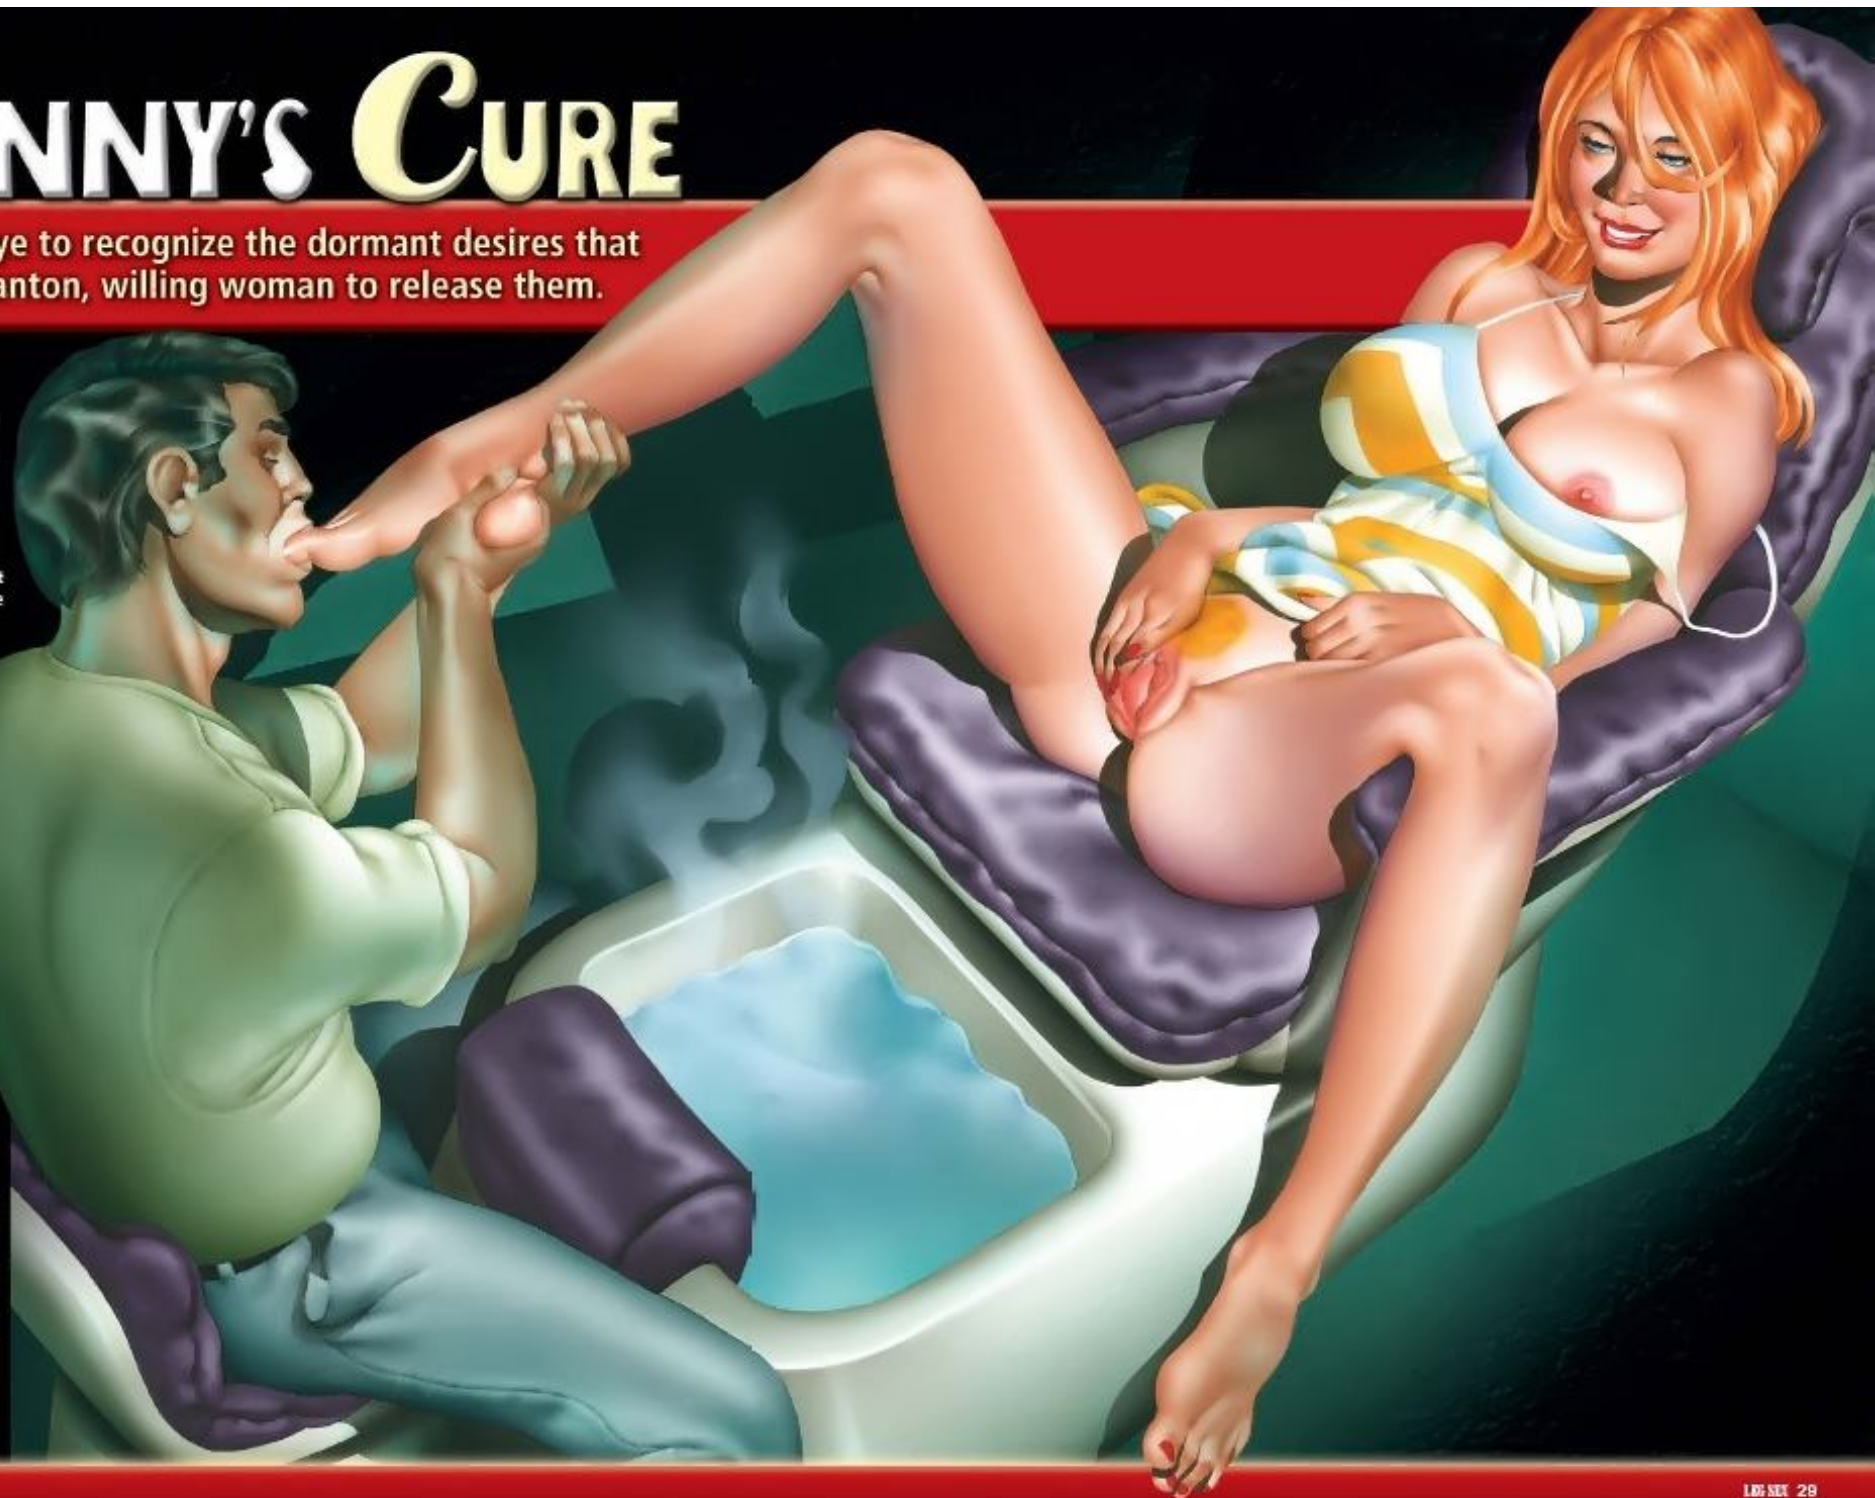

Fiction by Pauline Worth
Illustrated by Otis Sweat

It had been six months since the divorce and while I didn't miss Scott, living all alone was still something of an adjustment for me. I wasn't really ready for dating yet and I hadn't ventured out yet to make any single friends. The one thing I had done, however, was kept the promise I'd made to myself at the very beginning: I had a strict regimen of treating myself and spending a little extra time and money on pampering. And it had been worth its weight in gold.

Adding a trainer to supervise my gym regimen had helped me tone and tighten. I was looking less like 33 and more like 25 and, within the bounds of tastefulness, I was dressing to show my new body. Hand in hand with my new body-upkeep had been my regular visits to the spa where I'd enjoy a relaxing massage, luxuriate in the whirlpool and sauna and finish up with a manicure and pedicure. The spa visits made me feel re-energized and sexy, and by the reaction I was getting from men lately, it was really doing something for my aura.

Celeste was the technician who handled my feet and she was nothing less than an artist. I loved her massage and pumice techniques and her level of service. She knew my favorite scents, the way I liked my nails to be shaped, and my preference of polish color. She really was a foot concierge.

One weekend, I was coming in and caught her running out for her

lunch break. We stopped outside the entrance to chat even though we had an appointment scheduled later on. I'd never seen her out of her uniform, which looked like surgical scrubs with the company logo on the right side of the chest. All the techs wore very simple, trendy-looking white sneakers. But today, Celeste was just beautiful, wearing a colorful, beachy-looking dress well suited to our area's subtropical climate and the most beautiful leather sandals I'd ever seen.

They were rich and brown and braided, with a very slight lift at the heel. Multicolored jewels were woven into the leather at key points—in the clefts between each toe, across the top of the foot, around the ankle—and it made me realize that her café-au-lait colored feet may well have been the loveliest I'd ever seen.

"My God, Celeste!" I said. "Look at your feet! You should be a model!"

She blushed; she was quite modest and low-key. My outburst might have embarrassed her a little. "Actually," she replied. "I am. It's my other job. I do print advertisements for shoes and sandals, hosiery, occasionally jewelry, and all those posters you see of pedicures at walk-in nail salons."

I was impressed and told her so. "Do you do your own feet?" I asked, then answered for her. "Surely you must. You're a pedicure master!"

"You're too nice," she said, resting a hand on my arm. "But no, and I've actually been meaning to tell you about the place where I go. Not that I want to lose your business." She hesitated a moment. "But your feet are special, Jill. I even think you could do what I do—model professionally—if you had the right people grooming you for it. I've always thought your feet were just beautiful, Jill. I think that you would benefit

from having Manny and his staff work on your feet and take you to the next level. At his spa, they truly worship women's feet. All of them. But yours—I have been working with you

for months now—yours would really be quite worthy of their love and talent. And something tells me that you would enjoy the extra...attention that they give each client. I go and see them once a week and I'm always totally satisfied when I leave. It's my favorite ritual."

My jaw was agape. I never thought about foot modeling before, and I wasn't even sure I'd want to do it professionally, but this highly specialized salon was intriguing. It could take my pampering promise to myself to the next level.

"Why haven't I heard of this place before?" I asked, quizzically. The research I'd done in finding the spa where Celeste worked had been exhaustive. I wanted the very best.

Celeste smiled conspiratorially, glancing around to make sure no one else was around. "They are sort of underground," she said. "More like a club than a traditional spa. You have to be a member. And in order to be a member, you need to be brought in by someone who already is a member."

I thought about what she was saying. It sounded sort of ridiculous, actually. Very "Skull-and-Bones." I giggled at the idea of a spa speakeasy where you had to know the secret knock to gain entry. Yet even so, I was as curious as I'd ever been about anything. I even had butterflies in my tummy for some weird reason. "So in telling me about this place, you're saying you would sponsor me?"

Celeste looked pleased, and she smiled at me, making me feel like this was the greatest thing I could have ever agreed to do. Her sculpted cheeks were flushed when she said, "Absolutely," in a soft and husky whisper. She moved a little closer and put her mouth near my ear.

"But I should probably tell you a little more about it before we go. It's not for everyone. But since I've worked with you for several months, I have this

good feeling that you are going to love your time at Manny's spa." Her excited and bubbly tone were the perfect tantalizers, and I was suddenly interested in

whatever might be going on behind these exclusive closed doors. I looked at Celeste, whose dark, mischievous eyes twinkled like a pixie's. Then my stomach dropped and fluttered. I felt a warm, tingly sensation in my lower belly, radiating over my thighs, reverberating between my legs.

"Oh, my God, Celeste!" I whispered. "Is this like...a sexual thing?"

My mind reeled. Was Celeste into some orgy deal? No, she said it was about feet. But wait! There are people who are into feet. Really into feet. Was this like a foot-sex thing? I thought about it as much as my brain could manage in the seconds before she responded. It had been more than six months since I'd had any kind of intimacy save the occasional lustful tryst with my vibrator. Might this little club be the sort of thing that could get me moving back into the game? Well, I thought, I had decided that with this new phase in life was going to come some experimentation, hadn't I? And I really trusted Celeste. I awaited her response with bated breath.

"It is rather, um, adult-like, yes. But very respectful," she said. "There are boundaries within the club that are never to be crossed. If you allow yourself to release into the pleasure you'll find there, Jill, you won't ever have to even approach the limits they have set. Of course, if you want to go further..." She trailed off, perhaps deciding not to reveal all the special amenities this place had to offer, or not wanting to tip her own hand.

I could actually feel my clit, buried down between the juicy fullness of my labia, begin to tingle and swell.

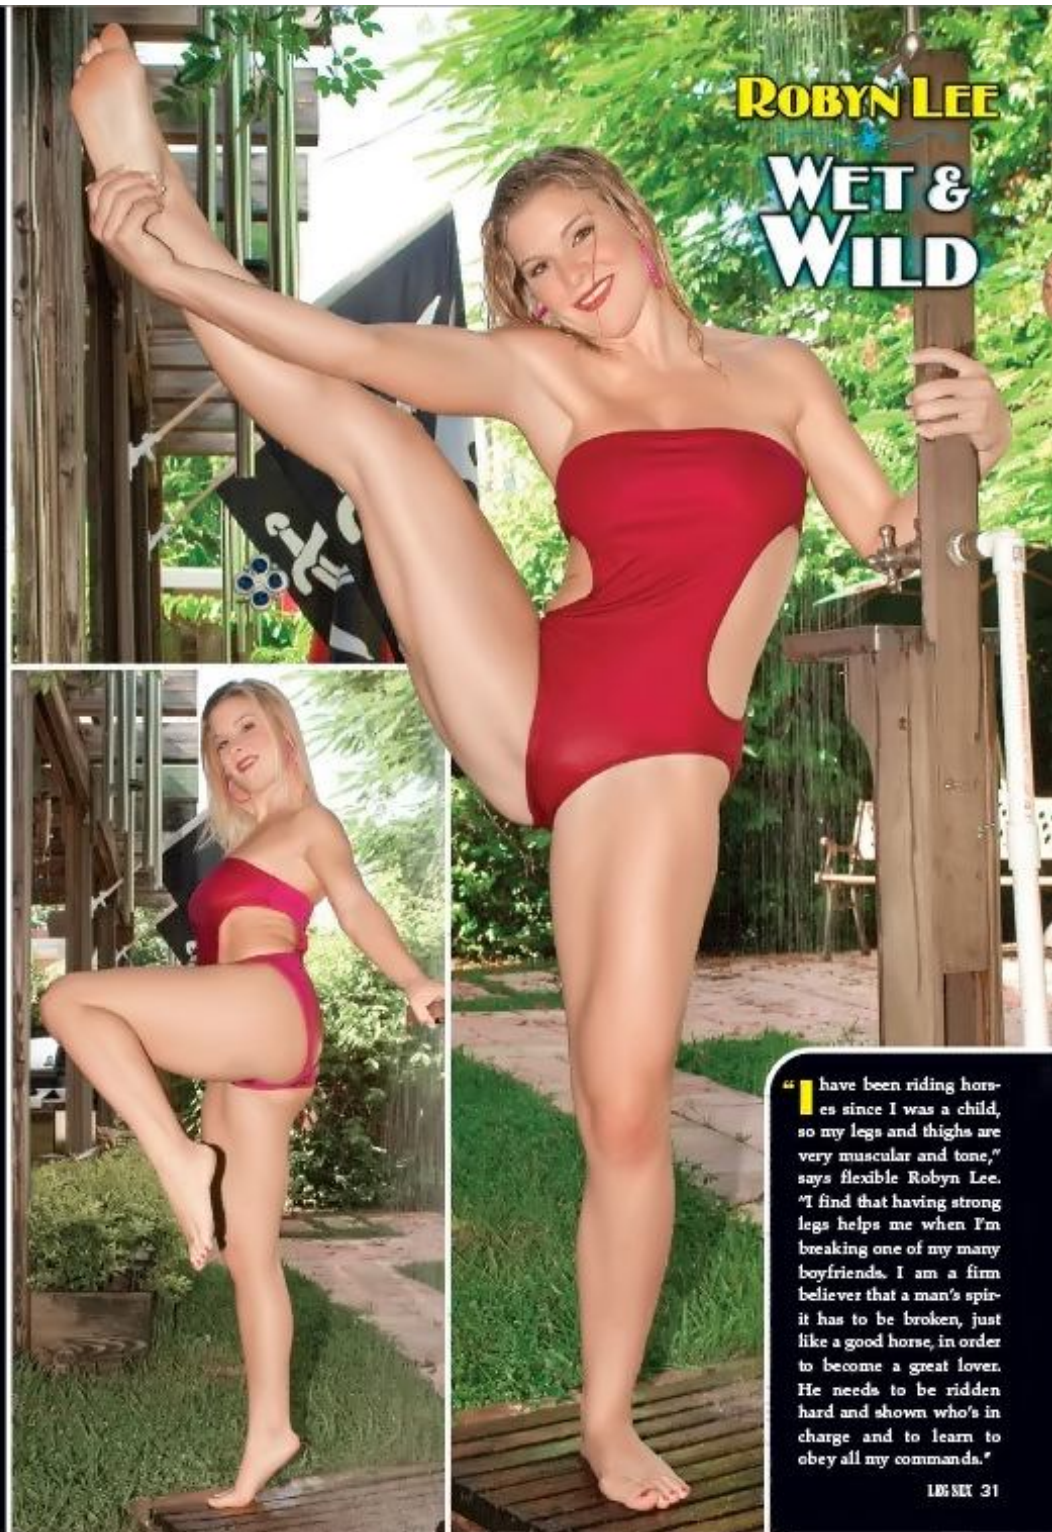

"Look at my feet, Jill," Celeste urged. And I did. They were magnifi-

ROBYN LEE WET & WILD

"I have been riding horses since I was a child, so my legs and thighs are very muscular and tone," says flexible Robyn Lee. "I find that having strong legs helps me when I'm breaking one of my many boyfriends. I am a firm believer that a man's spirit has to be broken, just like a good horse, in order to become a great lover. He needs to be ridden hard and shown who's in charge and to learn to obey all my commands."

On the ranch where we train all of our horses, we have a huge lake that most of the farmhands swim in after work. I like to go for a long, hard ride on one of our large stallions until my legs are sore and tired. Then I like to strip down naked and jump in the lake and go for a swim. Most of the farmhands try to time their swims with mine because they all want to see me naked. That's fine because I love an audience. I like them looking at me."

DO YOU USE A RIDING CROP DURING SEX?

"Of course! Sometimes you have to employ a little discipline. I like to wear my riding boots during sex, too! I love the way they smell."

Sometimes I'll motion for the farm boys to come over to the floating dock and I'll order them to oil my legs. All four or five of them will grease their rough hands up with tanning oil and I'll lie there while they rub my legs at the same time. All those callused hands on my body at once feel so good. They'll let their fingers slip into the folds of my pussy sometimes, too. But we both know it's on purpose and I love it."

LAST CALL FOR LEWD LEGS

I work at a bar on weeknights and weekends and part of our uniform is that we have to wear heels and hose. It's definitely more for fashion than for function. Most of the guys that come in love how our legs look in our short skirts, and so we make lots of money in tips. I don't mind the outfit but you can imagine that standing and running back and forth in heels takes it toll on my calves and feet. At quitting time, I'm in pain."

WHY DON'T YOU GET ANOTHER JOB THAT'S EASIER ON YOUR TOOTSIES?

"I said I was in pain, but I didn't say that I couldn't handle it. I actually welcome the throbbing that I feel when my heels come off because it means I am getting an extra-long, extra-hot foot massage from my manager."

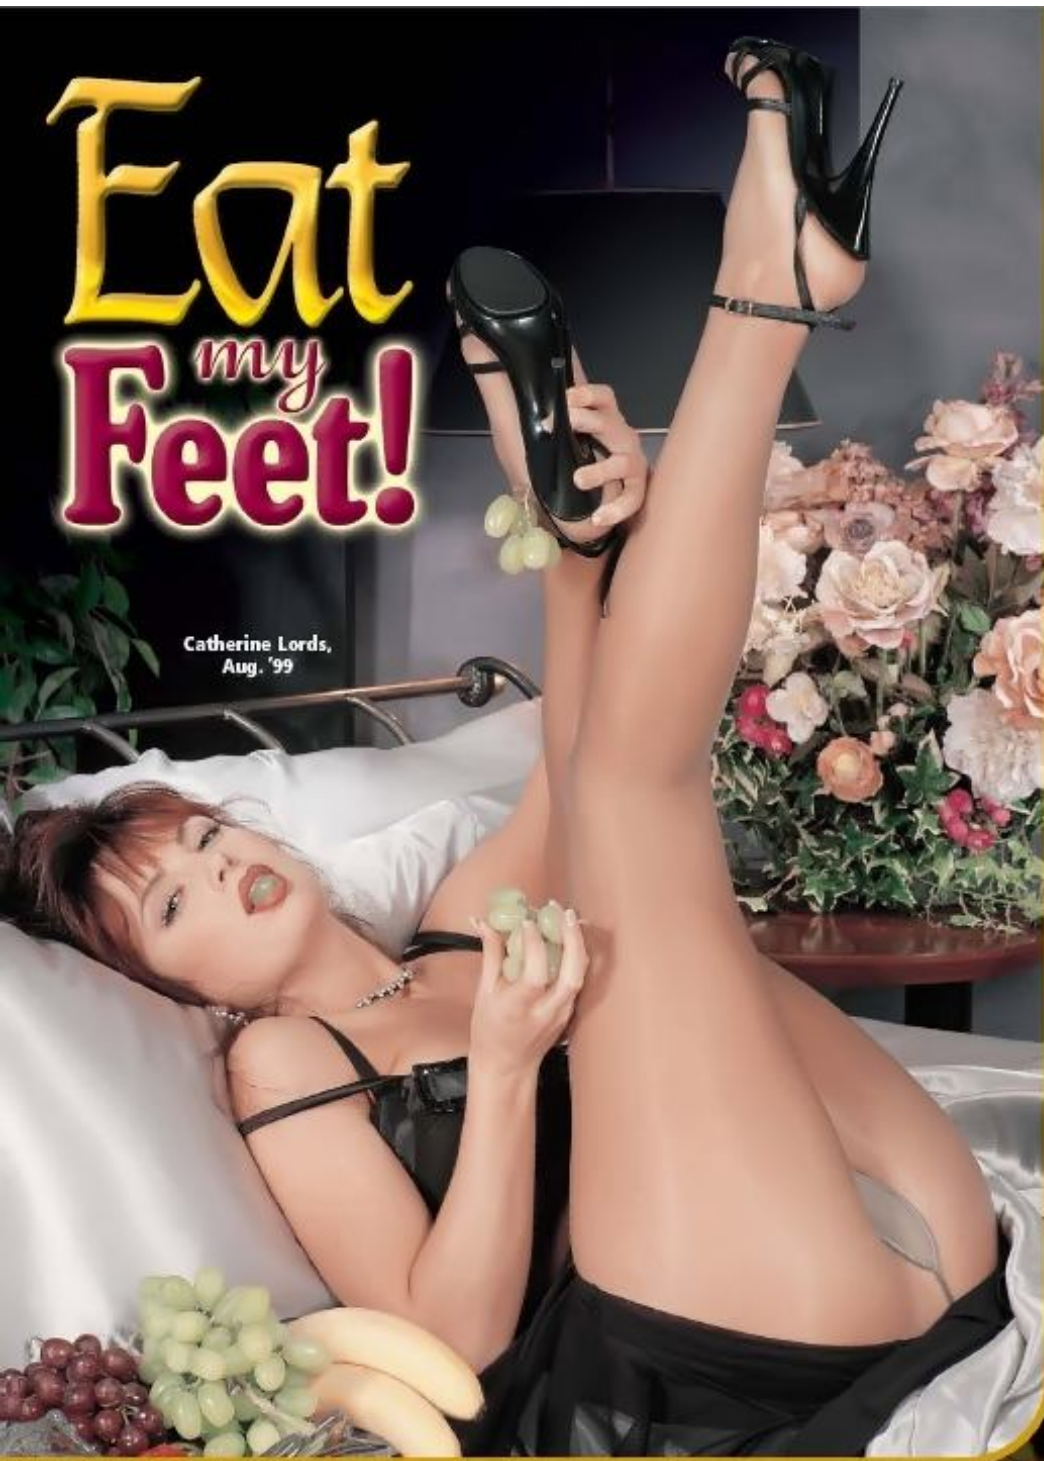

"My manager is really into hose and feet and he loves to pamper me at the end of my shift. He makes me wait until everyone leaves for the night and then he hoists me up onto the bar and presses his face right into the sweaty and stinky gusset of my hose. He says he loves the way they make my pussy smell. Then he takes my shoes off and licks my feet right through the hose, too. Then he rubs them until I'm moaning and he's cumming in his pants. It's wonderful!"

There are those of you who like to suckle on toes individually and lick them clean. And then there are those of you who like to devour a woman's entire foot by trying to shove all her tootsies in your mouth at once. Whatever your flavor, you'll agree that there's nothing quite as sweet as feet you can eat. Welcome to *Leg Sex's* splodging special...now taste all of these toes!

Whether covered in cream or steeped in sauce, when a beautiful foot is coated in edible decoration it's only more enticing. Our ladies coat their feet in milk and squish phallic bananas until they gush between their toes so that they can offer their peds to your voracious mouth for a thorough cleaning.

Every woman can appreciate a man who is willing to wait on her hand and foot at her feet, of course. And worshipping at a woman's heels is hard work so what could be better than letting sparkling champagne fizz and drizzle down a gorgeous set of paws into a bowl for you to lap up? Hope you're thirsty!

MANNY'S CURE

Continued from page 30

cent. Truly. "These people are artists. Whether or not you want to step into the modeling world, they will take you to the next level, Jill. And you will enjoy every step of that uphill journey, perhaps even as much as those who will delight in escorting you.

"I see your face when I treat you, Jill," she whispered. I closed my eyes and she became a shaman, a spirit guide. "You cannot hide the pleasure you receive from having me touching you, releasing the beauty inside your feet, your lovely, little toes. I know that at Manny's you will be able to unleash something that's already inside you. You only need people who know and understand these pleasures to open your eyes. Let me bring you to Manny's."

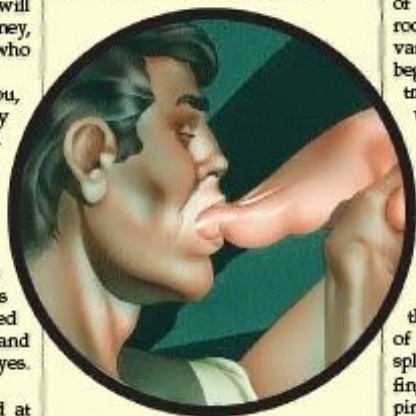

I opened my eyes and looked at Celeste. I was trembling, holding my breath. At long last, I exhaled. "Okay, Celeste," I breathed. "Let's do it."

Celeste told me she'd call during her lunch break and find out the particulars. I went inside to enjoy my usual roster of spa-laden delights. As I lay, facedown, on the massage table, a cool sheet draped over my nakedness, my mind reeled at the possibilities. When Chad came in to greet me, I knew he could sense something electric buzzing around me. He jumped right into the experience, his warm, oiled hands kneading the backs of my arms, thumbs turning circles in the dips below my shoulder blades, working magic in the curve of my lower back. I moaned audibly.

"Oh, my," Chad giggled. "I don't usually get any noise out of you, Jill. I must be really on today."

"Mmm." I responded, my imagination in overdrive about what Celeste had told me, wondering what sort of things I'd see and feel. The rest of my time at the spa, as enjoyable as it was, was frittered away impatiently. At last, the hour of my pedicure arrived and there was Celeste, back in her work duds, greeting me warmly and professionally as always. We enjoyed the usual small talk, but she said nothing of Manny's, though I did sense a new level of energy, of excitement, in both of us as she worked her magic,

sliding her fingers between my hot, wet, soapy toes, rubbing exquisitely rough circles on my heels with her stones, grinding them baby-smooth, slathering me from toe-tip to knee with tingling, mint creams, then massaging the oils deep into my skin.

"He paused, moving his warm lips to my instep..."

I had never deemed these wonderful pedicures a sexual experience, but now, with her suggestive thoughts in my head I couldn't feel anything less than lustful stirrings. It was as if her words had cleared the neural paths in my body and the signals originating in my lower extremities were now ping-ponging towers located in my nipples, my abdomen and my pussy.

And knowing that Celeste could feel it, too, made it more exciting.

Later on, as my polish hardened beneath the dryers under the console, Celeste came to say goodbye. She placed a hand in mine and as she drew away, left a card behind. She turned and went back to her station, greeting her next customer without any hesitation. I slipped the card into my pocket, paid the attendant up front and left, waiting until I was safely locked inside my car to inspect her card any further.

At first glance, I saw that it was only her business card—nothing special—until I turned it over and saw that jotted in sexy, looping cursive, was a single statement: Tomorrow, 7 p.m. I'll pick you up.

Wow, I thought. The butterflies in my belly were on a rollercoaster. I went home and did nothing but wonder, my imagination tumbling lurid. I removed all of my clothes and put on a soft, well-worn terry robe, faded, pink and beloved. Sitting on the edge of a cozy reading chair in my bedroom, I took a canister of expensive vanilla-scented body butter and began to rub my feet with one concentrated hand, luxuriating in Celeste's work. They were feathery soft, but very smooth and beautiful to feel beneath my own hands. I wondered, mystified, about the gifts of the specialists at Manny's. How could they make my feet even more exquisite than this?

Without realizing it, my left hand had stolen between smooth thighs, slipping easily into the cleft of my moist vaginal lips—already played and open and wanting. My fingers turned gentle circles on a hard pink clit straining for attention, growing stiffer and bigger as I closed my eyes and succumbed to the twin sensations—one emanating upward from my foot, one downward from my now-dripping pussy. In minutes it had combined into a sexual super-cell that had me cumming in torrents of slippery honey, an orgasm unlike any in recent memory, as I gently pulled my clit between my thumb and forefinger while forcing two of my lotioned fingers into the tight crevice between my second and middle toes.

Catching my breath, I smiled at my disheveled image in the mirror across the room. Celeste had certainly read me right. I couldn't wait until tomorrow. It couldn't come soon enough.

I wasn't sure what I was supposed to wear, but something about the evening begged for a pretty dress. Nothing too formal, nothing tight or short, rather something chic and elegant and relaxed. I chose a spaghetti-strapped silk piece, empire waist with a colorful geometric pattern in shades of silvery-white, amber and blue, the latter which complemented my pale eyes. It flowed to mid-calf and I enjoyed the sensation of the hem dancing against my legs as I walked.

SANDY BEACH

TRUE BLUE

"I'm not your average sad, desperate housewife, sitting at home alone, waiting to have some torrid affair with the UPS man," says sexy and sultry cougar, Sandy Beach. "I am not a pathetic woman who has nowhere to go and nobody to see. I am always dressed in garters, cute stockings and heels, and I am beating all the men off with a stick, Honey. I'm that sexy MILF in the neighborhood that all the men are wild for, and who's seducing your hubby and son, too."

“I always have a man at my front door, asking me if I need something fixed, or if I could possibly spare a cup of sugar. I let them come in and I give them a little bit of my sugar. [laughs] I love to open up the door in a sheer robe that's open wide and showing off my sexy lingerie and my heels. I love to watch them squirm and fidget, trying to come up with some excuse to come in. I find them silly, but entertaining. What woman wouldn't love all that male attention?”

WHAT SEXUAL POSITION MAKES YOU CUM THE FASTEST, SANDY?

"I don't think the position matters as much as my environment. If I want to cum fast and hard, then I have to be in a semi-public place. The thrill of almost being caught or seen is what makes my pussy squirt."

Sometimes I'll dress in one of my provocative outfits, which is probably outrageously short and leaves nothing to the imagination, and then I'll go somewhere like a hardware store and go hunting. I'm on the prowl for some good game: A virile, beefy man who will massage my feet and then fuck me like I'm the last woman he is ever going to touch. I like to be ravished and fucked so thoroughly that my legs and ass are sore for days!"

Poolside Perversions

I had an incredible foot experience the other day, and I had to share it. It happened at the community pool in my neighborhood. I went to the pool to get some exercise in. This was the best decision I've ever made.

When I got to the pool, it was deserted and so I hopped in and started swimming. When I stopped at the end of the pool and turned around, I saw this chick. She looked to be in her early twenties. She was in this bikini

that left little to the imagination. She smiled at me and I smiled right back.

She motioned me over and I swam up to the edge of the pool. Now here is where it gets good. Let me first say that I love feet. I love them. I love them in all shapes and sizes, and in all conditions. It's been something that I realized that turned me on when I was in my teens.

I'm in my thirties now and I still fantasize about getting foot jobs and sucking toes when I jerk off. Now, when I came to the edge of the pool,

there she was, towering over me, with her pretty toes and feet only about six inches from my face.

"Is the water cold?" she asked, and then she dipped her toes in the water next to my face! It was all I could do to stop myself from sticking my tongue out and darting it over her arch. I managed to utter, "The water's nice."

She caught me staring at her feet and she said, "I know, they're big! It's embarrassing!" Then she self-consciously tucked her one foot behind the other.

"No, they're fucking fantastic."

I love your big feet!"

I blurted out. Great, I thought, now she is going to think you're a fucking pervert.

"Really?" she asked shyly and then she sat on the edge of the pool and put both her feet in. She even stuck them under the pool's fountain, letting the water glide over them. She started splashing the water around and soaking them while she made conversation with me about her foot size, 10, and how everyone she knew called her Bigfoot. Her

feet mesmerized me. I'm sure I talked back to her, but I can't remember what I said. All I know is that I was hypnotized by her feet, inches from my face.

I built up the nerve to grab one, and she let me hold it. I was in shock that

she was actually letting me have my way with her foot! She shyly asked me to rub it, and boy did I. Then she handed me some baby oil so I could work it into her feet. By now, my cock was rock hard and I thought I'd cum gallons right into the pool. But then something happened.

She asked me if I was turned on.

At first, I couldn't reply, then I kind of nodded. She told me to get out of the pool, and sit next to her. I hoisted myself up, flopped down on the pool's edge near her and both of her feet were in my lap within seconds.

She lifted one up towards my face with a smile and said, "Kiss it!"

She didn't have to ask twice! I kissed it and then the other one, reverently, cradling each one gently.

Then she whispered, "Suck them."

I looked up at her and she was touching herself through her bikini bottom. I could see the mound of her pussy and her two lips perfectly indented in the flimsy material.

I took her one foot in my mouth and began sucking like a madman. Then she placed the other one in my lap and was stroking my swollen cock. Somehow, my shorts ended up in the pool, along with her bikini and there we were, naked and playing naughty footsie by the pool, where any passerby could catch us. It was nuts, but I have never been so fucking excited and turned on in my life.

"Papi, you can do more than that!"

She stroked me till I squirted all over her feet and then she washed them in the pool's fountain. I thought that it was over, but she wrapped herself in a big towel and said, "Fetch my bikini and meet me in unit 4C. I'll be waiting in the shower," and she skipped away, giggling.

I was in and out of the pool with our suits within seconds, scrambling to wrap a towel around myself. Then I was jogging up to her place. Needless to say I fucked her...a few times. Turns out she is a college student who's struggling with Anatomy and as luck would have it, I'm a registered nurse who can help her learn the ins and outs of the human body!

So now, I go over to her place to help her with her homework two nights a week. We do homework and then she does footwork; that's our arrangement—H.D., Orlando, Florida

Peds As A Present

I have the most incredible girl in the world and wanted to write this as the ultimate love letter. Alicia has perfect, always-manicured size six feet. I can put all five of her toes in my mouth at

once. My Alicia loves that I'm a raging foot lover and she leaves her high heels and sneakers in my car and in my office so I can sneak a sniff anytime I want.

Last night she did the kinkiest thing just for me, as

a surprise for my birthday. I had just walked into our house from work and there she was, looking hot in a sexy, pink dress and wearing the cork-bottom wedges I bought her. I love her in sandals. It's one of the reasons we moved to Miami years ago.

She likes to slip her shoes off no matter where we are—a restaurant or the movies—so I can hold her feet in my hands and slide my fingers between her toes (which I know gets her pussy purring) and she can tease me through my pants under the table.

So we have a couple of glasses of wine and she says she's got a surprise for me, but I have to wear a blindfold. Okay, no problem. She leads me to my favorite chair in the den and the next thing I know, I feel her feet massaging my balls—and I'm smiling. Then another foot slides up the inside of my right leg! And before I can recover, another one slides up the right.

"Surprise, my love," Alicia coos. Her precious feet, cradled in my hands, are encircling my massive erection while strange feet stroke my thighs. "I thought that for one special night, you might like to try something different. But, you have to leave that blindfold on. The mystery girls want to share their feet with you, but that's all." Her feminine giggles intermingle with two others, strange and sexy.

Right now, I know I am in Heaven. I have died and gone to Heaven.

Then she whispered,
"Suck them."

"I'm easing that thumb out of her pulsating rim..."

"So, can I touch them, baby? Is it okay?" I ask, almost timidly.

"Papi, you can do more than that," she tells me, and I can hear her standing up. Then she is reaching for me, undoing my belt, my pants. My hard-on springs free. I hear sighs from the other girls. That could have been the highlight of the night right there!

"I wasn't exaggerating, ladies," Alicia says proudly, "but it's all mine, except for what we talked about. Ease back in your chair, baby," she tells me. "It's going to get slippery."

Then I feel my Alicia's hands rubbing my cock down with some kind of oil. It smells good, feels a little warm; the smooth palm of her hand glides over the head and then, alongside her hand, a foreign foot, the instep sliding up and down one side of my shaft while Alicia rubs us both with the oil. She's getting turned on. I can hear it in her voice.

"God, that looks so sexy, Baby," she says. "It's almost a shame you can't see these other pretty feet, but I can describe them for you later on. For now, how do you like this?" And then there's the other foot—another lefty—its

slippery, little toes expertly massaging the base of my cock, its mate curling to tickle my throbbing balls.

I bring my hands down and encircle each of these feet, sliding fingers between toes, exploring the ankles, curling around to the insteps, massaging them as I find their pace, rubbing my cock, letting me use them to rub my cock. One is tiny, a little smaller than Alicia's. She has a flawless pedicure—I can feel her nails all smooth and even. Her toes are so small.

Then I feel Alicia's hands on my thighs and then her full lips encircling the head of my cock, her tongue working magic circles around it while these other girls—they are encouraging me now and I can hear their breathing, too—give me the foot job to end all foot jobs while the fat purple head of my dick is popping in and out of Alicia's hot, wet mouth.

She pulls her mouth away and then I'm cumming everywhere. She lets me rub these mystery feet with my cum, which she knows is making me cum even harder. So many spurts, I wasn't sure it would ever end. I slumped in my chair. Spent.

I heard rustling and Alicia whispering her thanks. Then two voices in each of my ears. "Ciao, Mike," said one. "Happy birthday," said the other. I was dizzy. I just smiled and hoped they knew how thankful I was.

The door to my apartment closes. Alicia and I are alone again. She takes off my blindfold. Except for the missing lipstick and her pretty lips—a little swollen from all the action—she looks just as she had when I arrived home, though in my eyes, she'd grown even more beautiful. Just Enough Kink

I love legs and now I've finally met a freaky girl I can roll with.

Last night, Lisa and I were in bed. She is a tall drink of water, as my grandfather would have said. She has long, dirty-blond hair (with a hot, plump dirty-blond snatch to match!), sexy brown eyes, and legs that go for miles. She knows they're one of her best assets and she wears short skirts and dresses all the time, sometimes with those thigh-high stockings and do-me pumps. I swear she looks like

something out of an old ZZ Top video, all legs and lips and hot-strutting ass. I can see the looks she gets when we're out and I know how lucky I am to tap that ass. Fucking her when she's standing, bent over in heels so I can get my hands all over those thighs while I'm pounding her silly is the greatest! Or I thought it was, until last night.

We're in bed, messing around and having fun. Lisa is naughty, and as long as I spend plenty of time with my tongue buried in that honey-sweet hole, licking and sucking her twat until she cums a river, she's up for just about anything. So we're naked and rolling around on the bed and at some point, she ends up lying on her belly. I'm up on my knees, dick swinging in the breeze.

So we're talking about something, and she reaches over to the nightstand and grabs a bottle of lotion and asks me to rub down the backs of her legs. Naturally, I'm all up for it! So I give her a nice massage and my cock is getting even harder from running my hands up and down those gams, getting that coconut cream all down

in her legs, admiring the curves and the soft skin, and she's moaning and enjoying it. And then she gets playful. As my cock brushes against her, right in that crease in the back of her knee, she bends her leg and traps it in there.

Something inside me just lost it. The pressure, the lotion, those hot legs and her nice ass right there in front of me—I grabbed a handful of the back of her thigh and just started pumping my cock in there, fucking her leg, fucking the seam of her knee. If it didn't feel so goddamn tight and good I might have been embarrassed, but Lisa—God love her—she was extremely turned on!

She's all "Oh, baby, yeah! Fuck it hard, just like that! Cream up my leg, Baby..." And I see her slip her hands under her belly to diddle herself. Her head is turned to the side and the expression on her pretty face is so animal! She looks like a freaking porn star and it makes me even harder. My cock feels like it's going to split open, I swear! I move one hand to her curvy, sexy foot, sliding a finger between her toes for leverage, and gently press it downward, applying some pressure to make that 'leg pussy' even tighter around my pole and then ease my lotion-

"I always notice the shoes and the feet."

covered finger between her round, shimmying ass-cheeks, working my thumb into her tight hole while she groans and tells me how she loves it.

Next thing I know, we're both creaming ourselves—she's screaming my name and I'm easing that thumb out of her pulsating rim as she's cumming (she loves that when I'm eating her out) and shooting the biggest load of my life into the back of her sweaty, lotion-covered knee, fucking it until I'm totally wiped out.

We both said it was the weirdest sex we'd ever had. But neither of us was complaining about it. I just had to share since I know there are other pervs out there who might want to give it a try. I wish I'd thought of it sooner. *G.S., Virginia Beach, Virginia*

Chatroom Confessions

I've been subscribing for as long as you've been in print, loving all the hot feet I see in your book every issue. I wish you'd come out with a scratch-and-sniff issue so I could smell these ladies while I look at them! But I've always been a secret foot lover. I've gotten a little of it over the years with girlfriends here and there, using the whole, "Honey, you've had a long day. Let me slip those shoes off and rub your feet to help you relax..." thing. Or giving them pedicures on Valentine's Day, you know? But I've never just come right out and said I wanted a foot job to anyone.

Don't get me wrong, I'm all about a hot blow job as much as the next guy, but I can't help imagining some hot, little number, naked with legs spread wide, bringing her feet together for me and pumping my dick between them, letting me lather them all up with my spunk. It is one of my ultimate fantasies.

And so the other night, I was chatting on my laptop with this girl I met online a few months ago. Her name is Kelly. We've been flirty for a while, but nothing too heavy, and all of a sudden she comes out with a confession: She used to date a foot lover back in college and even though the relationship didn't work out, she misses the sex because it was the hottest she'd ever had.

I didn't reply for a few minutes due

Worship my feet and you can have your way with me," says MILF, Calliste Garnet. "I love it when I find a new, younger lover who is eager to please me and to learn how to satisfy women in general. I like to teach them from the bottom up, so the first thing I tell them to do is to get on their knees and kiss my feet. You can't teach an old dog new tricks, and the same goes for men. It's so fun to teach these young pups how to pleasure me."

WHAT IS YOUR ULTIMATE

FANTASY, CALLISTE?

"I want to be gang-banged by four big black men and handled roughly. I don't mind being bruised a little bit. I like pleasure and pain."

Sometimes I like to invite another woman into my sexual training sessions. I like to look down and see my feet resting on my lover's face while watching a hot woman suck his big cock. I always encourage my lovers to breathe deeply and enjoy the aroma of my feet. Sometimes I like for them to shoot their load all over my feet, only to have my lady friend lick my feet clean."

"I've had lots of people tell me that I am too old to be exploring my sexual fantasies with such reckless abandon. I don't pay any attention to their ignorance. What's better than being experienced enough to know what gets you off and still hot enough to be able to get sexy men who are half your age to please you? If I am going to have my feet and pussy sucked and fucked by a man, you better believe it will be a man with lots of stamina."

and simple, encased my feet without shielding them at all from view, showing off Celeste's work with a decidedly Grecian flair. Coral toe polish complemented my fair complexion.

Celeste's car slid into my driveway precisely on time and she smiled as I approached, obviously approving of my ensemble. She kissed me on each cheek as I sat down.

"You look stunning," she said.

"You, too," I remarked, taking her in. She wore a silky strapless top that showed off her lovely skin, its regal purple jewel-tone setting off the similar color of the stone at the centerpiece of her necklace. Her skirt was black and almost Western in its stitched, tiered style and those same gorgeous sandals, twinkling with jewels, again made her feet look just breathtaking. For a split second I imagined sliding one of her beautiful toes into my hungry mouth, a thought that astonished me, as I'd never had any inclination to be sexual with another woman. I chalked it up to the sexual energy crackling around us. She backed out of the drive and we were off.

"It's only about 15 minutes away," she said. "Are you nervous?"

I exhaled. "Yes, but excited, too."

She placed a caramel-colored hand over mine without taking her eyes off the road. "These people are wonderful and warm," she said reassuringly. "There is no pressure and if anything makes you feel uneasy—even they will know it and respect you."

"Have you ever felt uneasy there?"

"Never!" she said, without hesitation. "In fact," and she blushed a little here, "if you love this salon as much as I do, as much as all the clients do, you will probably find yourself wishing it were a little more full-service from time-to-time."

And she giggled, her eyes shifting downward and stealing a glance at the straps on my shoes, noting the way they crisscrossed up over my ankles. She licked her lips. I felt the snake-like flicker subconsciously, right at the junction of my thighs.

We turned off the road into an industrial park set on the edge of a rather upscale residential subdivision.

MAXINE TEAR YOU APART

"What's the use of dressing in flimsy and frilly hose and stockings if you don't rip them to shreds during sex?" asks sexy coed Maxine. "I want to be wild and rough in the bedroom. I like it when a man takes charge because it makes me feel very whorish and that gets me wet. But if he won't be the initiator, I have no problem throwing him back on my bed, ripping my gusset out and pounding on his big dick. I love it rough!"

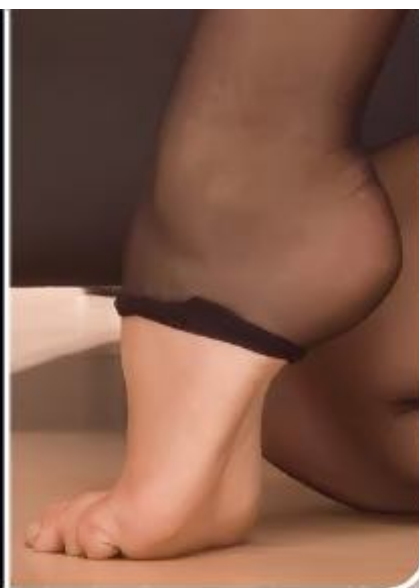

It may sound crazy, but I like the sound of ripping nylon. It's very sexy to me when a man just tears into my hosiery, like he can't wait to have me. I also like it when I rake my nails along the fabric of my stockings while I'm masturbating. The idea of treating something that is so delicate with such animal force is both kinky and hot to me. That's the way I want to be handled, too. I want to be forced open and taken roughly."

ARE YOU SEXUALLY
AGGRESSIVE, MAXINE?
"I love to be aggressive in the
sack. My nickname is Tiger
because I become almost
feral. I'll rip a man's clothes
off so I can taste him."

"I was once seeing a man who liked to bite my legs when we had sex. At first it was a little bit weird. But then he'd bury his face in the moist gusset of my hose, and get my pussy really wet with his saliva and then he'd growl and lightly nibble on my clit. I loved it! I'd make him crawl on all fours, growling, and have him bite my hose and rip and tear them with his mouth. Sometimes he would attack me like this the minute I walked in the door, forcing me to the floor and fucking me doggie-style. It was hot."

If you want to get me off and get me going so I will fuck you hard, then you better punish me for being such a dirty slut," says racy redhead, Amber. "I like to be put over a man's knee and have my skirt lifted up and my panties pulled down roughly. I like it when a man makes my bottom red by repeatedly spanking me until I'm grinding on his knee and cumming uncontrollably."

WHAT GETS YOU SEXUALLY AROUSED?

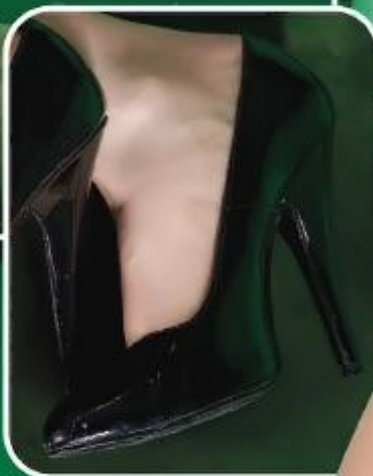

"It may sound narcissistic, but I love to watch videos of myself masturbating or having sex. I love my body and I like to see myself from the perspective that others do."

“After I get spanked for being a naughty girl, I like to be licked. If a man spanks me the right way, my ass will sting and I will need some sexual soothing. So I like to be put over a table or chair, with my ass to the air, and I like to have my pussy eaten and fingered and then I like for a man to put his tongue in my ass. Sometimes I like for my thighs to be squeezed really hard while I’m cumming, too. It’s a perfect balance of some pain and a lot of pleasure.”

Wearing fetish stockings and thigh highs that are made of latex get me off. They're really constricting and hot and if I can feel the sweat from my feet and my thighs dripping downward, it's the best feeling in the world. I like the way that the rubber sounds when my lovers are squeezing my legs, too. When I hear that squeaking noise as his hands are gripping me, my pussy contracts violently."

MANNY'S CURE

Continued from page 72

The lot was dark until we approached a hangar-like building, coming in from the rear. Miraculously, there the lot was lit to a safe, warm glow by vintage-looking streetlights. Celeste parked and we got out. Taking my hand, she led me to a staircase that wound down around one corner of the structure. A simple hanging sign, its logo ablaze in red-orange neon, flashed tantalizingly in a font that combined script and print quite tastefully. It read: Manny's Cure.

Celeste took my hand, as we were about to descend. "I have arranged for Manny himself to give you your first consultation," she said. "He will explain, as much or as little as he thinks you need, about the salon. You can ask him any questions you want. After that, you can select the services and experiences you'd like to enjoy."

"Will I see you inside?" I asked her.

"Depending on what you choose to do, you may. But even if we don't run into each other, meet me in the locker area afterwards—there's a lovely sitting room there. We can talk about your night there, okay?"

I nodded and down the stairs we went, entering into a very posh front office/sitting area. A tall, dark, very handsome man rose to greet us, his olive-complexioned face splitting into a dazzling smile. This must be Manny.

"Celeste, my friend, you look stunning this evening," he said, then allowing his eyes to sweep up my body, "and you must be Jill." He paused. "Celeste, you didn't tell me she had this magnificent hair..."

I'm a natural strawberry-blonde. Well, somewhere between there and an amber-gold color. People have commented about the color ever since I was a small child.

"I told you she was beautiful." Celeste said warmly, no trace of competitiveness or jealousy.

Manny's wide dark eyes stayed on mine. He held both my hands in his. "Indeed you did, Celeste."

A muscular, blond attendant walked out from a door behind the desk. "Celeste," he said. "May I escort you back for your pedicure?"

She nodded and smiled at me as she left. "Have fun, Jill," she said over

her shoulder as she left.
Then she was gone. I was alone with Manny. He gestured for me to sit on a crushed velvet chaise the color of eggplant. He sat close by on the matching ottoman.

"Celeste seems to think you would fit very well as a client here at our salon," he said, looking down at my feet. "She does a magnificent job on your feet. May I see them?"

I could feel something now, my heart was beating faster, my clit tingling, keeping time. I eased back into the chair, the silk of my dress rustling at my calves. I raised my right foot and he held it in the easy curve above my heel. He spoke while he began to undo the straps on my sandal.

"Here at Manny's, Jill," his voice was darkening, deepening, his face getting intent in gazing at my foot while he spoke. It was incredibly hot. "We truly worship women's legs and feet and we have technicians who are devoted, some very specifically, to these body parts..." He paused to sigh as the strap slipped away, leaving my small foot, soft and naked, in his large warm hands. He caressed my instep, my heel, then continued.

"Our skills make the clients—all women—look and feel sexy and offer an experience that permits them to enjoy the process of their elevation privately or in the company of other clients." He paused, moving his warm lips to my instep, smelling it, then planting several kisses along its upward arc. My nipples stiffened immediately against the cool silk.

He sat up, taking pleasure in tying the sandal back onto my foot as I caught my breath. "Now, Jill, let's take care of you, shall we?" And I nodded. "First timers sometimes feel better in the company of others. Would you like to join Celeste now?"

All I could manage was a nod. Manny led me to a sensuously lit room. There were four large pedicure seats, crushed velvet like the chaise from the front office—extremely plush. Celeste, eyes closed, sat in one of them, her black skirt hiked up over her knees—the others were empty. The muscular blond from earlier was peeling soft, hardened paraffin wax from her caramel feet.

As Manny helped me into the facing chair, the blond placed one of her feet into the roiling, steaming water,

into something of a golden egg. One that enjoyed being devoured.

With Celeste's business out in the air, I flung free the final chains of restraint and spread my legs wide open, allowing Manny, Michael, and Celeste a glorious view of me, my delicate alabaster feet and long, shapely calves, my creamy thighs in all their silken glory and my coiled golden bush, dark at the slit where the inner juices gave away my arousal.

Manny's hands, slathered in some vanilla-scented oil, kneaded my inner thighs and I could feel my swollen labia spreading each time his hands pressed me and my cherry-ripe clit springing free and luxuriating in the warm steam rising up from the foot tub beneath. Meanwhile, as Manny worked his way down to my feet, his eyes moved from my now-saturated muff to my tiny, tender toes.

Across the way, Celeste was bearing down on Michael's cock with her feet, one of them turning slick circles over the purple mushroom head of his cock, the other—I'm still not sure how—tenderly lofting and caressing the swollen sac below. His hands held her by one ankle, fingers fanning around her lower leg and massaging. His head dropped back, eyes closed in both concentration and ecstasy and all the while Celeste's eyes were wild, all at once roaming to take in the sight of her beautiful feet around his steely shaft, now near its breaking point, my toes sliding wetly in and out of Manny's incredibly hot mouth, and now—my golden-pink pussy as I reached down with two fingers in a V and spread it wide for her to take it in. She flicked her tongue at me scandalously and I gasped, feeling my clit convulse as I imagined her tongue, perhaps even her sexy big toe, sliding in and out of my wanton cave.

Now, the game was on and Manny's hands were urgent and hot on the inside of my thigh.

"Can I, Jill?" he said, motioning toward the gigantic bulge in his expensive slacks. I nodded and almost immediately, his cock—so long and thick and hard my pussy immediately ached to fuck it—sprang into the hot embrace of my feet.

I wanted to watch him cum all over my feet, feel each creamy spurt bathe my legs and toes, but I had never

"Hah! Is it that obvious that I'm the kind of
girl who will rub her sweaty socks all over
her pussy for the pleasure? It might seem
unusual, but I got very wet and cum very
hard from diddling my clit with dirty socks."

"When my pussy juices mix with the foot odors on the sock, I take it and shove it in my lover's mouth. I force him to taste my essence. After he's intoxicated on the smell and taste of my bodily fluids, I jerk his big cock between my feet. Just before he is ready to erupt I put the sock on his cock and pump it until he shoots a load inside it. Then I let the cum drip all over my toes and I make him lick it off. He loves it. In fact, I have my lover so well trained that when I tell him I'm going to workout he gets rock hard because he knows what's coming."

"After all that I'm usually tired, so I unwind in the shower. I make my lover join me so that he can massage me and rub my feet. He has already cum, and now it's time for me to feel the explosion in my pussy. I can cum just from having my feet rubbed the right way. My lover knows how to do it. Then I like to cum once more from good old-fashioned sex. The entire experience is amazing."

MANNY'S CURE

Continued from page 94

done this before. Somehow, he knew. Grasping each of my feet, one in each hand, he encircled his huge cock and began to use them like a precision masturbatory tool. Its length was staggering and it seemed to take forever to slide from its rock-hard base to the lovely fat tip. After a few pumps, I took the initiative—and some cues from Celeste—and while one of his soft hands worked his turgid shaft, I used my toes and instep as a head-masser, turning circles, grasping and tickling. His other hand held my foot and his tongue wove between all of my tiny toes, like hummingbird's wings. I was lost in the moment.

I spread my wet pussy as wide as I could, mimicking the motion on my juicy, red button, watching his tongue, imagining it in the place of my fingers and bathing in the sensation of his smooth cock head against my instep.

Several seconds later, as the first of his hot, milky cum came spewing from in between my toes, draping there, obscenely beautiful, I brought myself over the edge, too-cumming a torrent of sweet nectar all over that gorgeous velvet chair—moaning and cooing and swearing out loud to the room that it was the most exciting sexual experience of my life to date.

Manny looked up at me minutes later. His stallion's cock was already tucked back into the prim safety of his trousers, his cum already wiped from my feet, which relaxed in the bubbling waters of the tub. It looked as though he were preparing me for a proper deluxe pedicure.

"Jill," he asked, "Will you be joining us again for our foot services?"

I brushed a stray tendril of hair from my flushed and, for the time, sated face—and smiled. "Is there any limit to the number of services someone can have in a sitting?" I asked.

Manny cocked a bemused eyebrow my way as he prepared the pumice stone for my rosy feet. "Not at all, Madame," he said, cradling my heel in his soft, skilled hands. "At Manny's Cure, it's our job to see your sole is quenched. Completely."

Celeste and I exchanged knowing looks from our respective seats. It was going to be a long, fun ride indeed. ☐

to the combination of my immediate shock and my massive hard-on. This was a mistake, because she figured I was all freaked out by it and signed off before I could tell her my big secret! I could have kicked myself in the ass, I swear. I was so pissed!

Anyway, after checking about every five minutes for the rest of the night to see if she'd come back, I sat down and wrote her a long e-mail, confessing everything. I told her about all the things I've always wanted to do with a girl, how just the idea of smelling her sneakers after a long run, maybe even sliding my dick in there and letting a load loose right into it, would be so exciting for me. I told her about how I would love nothing more than flossing her toes with my tongue while I fingered her, bringing that pussy juice to her toes so I could lick it all off. And I told her, down to the tiniest detail, about my ultimate foot-job fantasy.

I re-read the letter a couple of times, figured I had nothing to lose, and clicked "send." She never wrote back. A week or so later, this girl walks into the bar near my job. I get a beer there after work every Thursday night. Anyone who knows me and wants to find me could always find me there. It's a ritual. Anyway, she's wearing this pretty wraparound dress and cute sandals. I always notice the shoes and the feet. She's got long, wavy, dark brunette hair. And she's wearing my favorite ladies' perfume. I can tell because a cloud of it fogs me in as she slides onto the stool next to me.

"Hi, Tony," she says. Purrs it, really. I'm surprised. I don't know her, but I sure wouldn't mind knowing her.

"Do I know you?" I say, turning and smiling and extending a hand.

"I'm Kelly," she says, ignoring my hand and sliding her foot, now bare, up between my two legs, her foot curling into the seam of my Dockers, searching out my fast-growing cock.

"And I think it's time that we go back to your place. Don't you think?"

Fifteen minutes later, Kelly and I are making out and falling through the door of my condo. I can see her, gorgeous, in the light flickering through the blinds from the parking

lot. She pulls the string on that dress and it drops to the floor. She's completely naked, except for those sandals, and I take it in.

She has these high, tiny boobs with dark, glass-hard nips. Sexy tan lines that reveal she's been wearing a triangle string-bikini to the beach lately. A small, wispy, little patch of dark hair crowning the 'V' of her mound. And she has these toned, shapely legs.

She comes to me and hops into my arms, wrapping her legs around me. My hands cup her small ass, moving her to my bed where I lay her out and look at her, stroking her, then standing and bringing one of her feet to my mouth. This is my moment. The one I've been waiting for. I start at the heel, wending my tongue over the side of her foot, my lips kissing and sucking on the bone of her ankle.

I'm hoping I don't cum in my pants and she's not helping my cause at all. Her other foot, impossibly, has undone my pants and slid them down enough to ease my cock out through the fly of my boxers; she's running her big toe up and down the shaft, licking her lips. She asks if I have any lube. I get baby oil from the bathroom and when I get back, she's sitting up on the pillows, legs wide and bent at the knees, pussy splayed open and revealing slick, wet folds. Her fingers are making wet noises as she plays with herself for me.

"Take all of your clothes off right now, Tony," she coos sexily.

I'm not one to argue...and then, a minute later, I'm lying back on the pillows, head propped up like the King of Siam, while Kelly sits between my legs, feet holding my cock (it looks massive between those tiny peds!) and working it like a pro, skating those toes over the head, teasing my balls with the smooth heels, and I can't even last two minutes. I'm watching her smile a horny, devilish smile while my milk comes erupting out, dripping between her toes, down over those beautiful feet.

She cuddles up next to me after that and after a few minutes of basking in the glory of my fulfilled fantasies, she whispers, "I hope you're not tired. I brought my sneakers with me, too."

I just nodded and smiled. In fact, I'm still smiling. I think I just might be writing you some more letters soon. T.L., Gastonia, North Carolina

LENKA
LACE
IN YOUR
FACE

I demand complete obedience. I don't want to repeat myself. I don't want to have to exert myself. You should realize that I'm in charge. Do you see my spiked gold heels? They're shiny and beautiful, and they will stay that way or I will kick you in the face, tiny maggot. I don't want you soiling my nice things with your seed. I'll tell you where and when I want your sticky tribute.'

Don't you dare think that just because I'm dressed in frills and lace that I am going to be nice and sweet to you. I dress like this because it accentuates my beauty and I know that seeing me this way gets your pathetic pecker hard. Even now I know that you are rubbing yourself because I excite you. You like to act like you wear the pants in this relationship, but we both know that I make you wear my lacy panties under those pants, dog!"

ARE YOU ALWAYS DOMINANT, LENKA?

"Who else do you suggest I leave in charge of my pleasure? I cannot possibly leave one of my rug boys in a position of power. Not only are they incapable of anything but groveling, but I also enjoy treating them like dirt. I like to be demanding. Being cruel makes me cum."

“When you behave, you will be rewarded. I expect you to touch yourself only after I have cum. I expect you to clean my toys and my shoes with your tongue and then put them away. I expect you to wear panties and pantyhose and to call me Goddess at all times. Do you understand, sissy boy? Finish stroking your cock and cum on my feet. But know that you’ll be licking those clean, too.”

Dillan Lauren & Anthony

A Taste Of Your Own Medicine

The doctor is in, and she is into all the kink you crave. When Anthony confesses to his shrink, Dr. Lauren, that he has fantasies about sucking and tasting ladies' feet and shoes, he is embarrassed and wants a cure for his madness. Well, luckily for this patient, Dr. Lauren knows exactly how to treat this condition. She tells him that the only way to get over his foot fetish is to explore his fantasy. Like any dutiful doctor, she is willing to do whatever it takes to make her patient feel better, even if it means offering up her legs and feet for worship. Spreading her supple legs wide, she shows him her wet pussy through her crotchless hose and tells him she's ready to be tasted.

As Dr. Lauren slides her patent black pumps up Anthony's thigh, he confesses that he has been fantasizing about her feet all along. He expects his doctor to be upset that he has been stroking himself to visions of her bent over her desk, but she is turned on by this turn of events. Dr. Lauren is famous for her bedside manner and tells her patient to slide his cock between her high arches. As her hose cause friction on his hard dick, she touches her pussy and asks him to coat her feet in his cum. When he shoots his load on her tootsies, she climaxes, too. Then she tells Anthony that it might take a few more sessions before he is fully cured.

Lucy Fire & Tony

Shoes that STROKE

There are two things that Lucy Fire loves more than anything: pumps and pricks. Her collection of lovers is almost as vast as her menagerie of shoes. In this scene from *Leg Sex Pumps*, Lucy seduces Tony with her gamms of glory and makes him submit to the fury of her thighs. Since Tony is so obedient, she rewards him by sucking his cock and fucking him like the sex kitten she is. Tony is so enthralled with her leg sex that he pays tribute to her, all over her feet. But Lucy Fire expects no less from her lovers, or else there'll be hell to pay.
